

## GIANTS LOSE, EVEN WITH MATTY ON THE HILLTOP

WHITE SOX VICTORY COSTLY FOR CHASE SEVERELY TWISTS ANKLE IN EIGHTH.

ST. JOSEPH, MO., Oct. 25.—With the Mighty Mathewson pitching the Chicago White Sox took the eighth game of the Giants-Sox world circling trip today by the score of 4 to 3. The fall of Matty made the count even so far with four apiece. The victory, however, cost the Sox dearly, as Chase was put out of the game in the eighth inning with a twisted ankle after he had made one of his sensational stops.

The game, although several errors crept in, was a real thriller. It started with hair-raising scope, brilliant catches and enough hitting to keep everybody awake.

Score:

White Sox	R	H	O	A	E
Weaver, ss.	0	5	3	1	
Rath, 3b.	1	1	0	0	
Speaker, cf.	0	3	0	0

Summary: Two-base hit—Crawford, Mattick, Doyle. Sacrifice hits—Mathewson. Double plays—Schaeffer to Weaver to Chase; Weaver to Schaeffer to Chase. Struck out—By Mathewson, 3; by Leverenz, 6. Bases on balls—By Mathewson, 3; by Leverenz, 1. Hit by pitcher—By Leverenz, 1. Passed ball—Myers, time, 1:37. Umpires, Klem and Sheridan.

## Treat at Theatro Is in Store for Picture Lovers

Lovers of high-class photo-plays will have an exceptionally fine list of special features to attract their attention during the coming week at the Theatro, as each of the picture subjects selected by Manager Toney, of the variety that is seldom seen in this city.

Though every day is a feature day at the Theatro, Mr. Toney will offer on Tuesday and Wednesday his regular "Special Feature" days the very cream of the leading film manufacturers' outputs. On Tuesday, a Kleins-Eclipse in two parts will be offered, a short synopsis of which tells of "Arizona Bill," who is given thirty days in which to prove the authenticity of a will of which he has been appointed executor. The disinherited nephew plots to kidnap Bill and his heiress, so that the latter can be on hand the appointed day. There follows thirty days of wild excitement during which the heiress is captured by a hired gang. Even "Arizona Bill" has a warm time to save his skin until Bill's wife takes a hand in the tussle and shows Bill the tracks of the bandits. To see "Arizona's" wild ride on horseback; to see him follow the bandits as they leap upon pastures green by himself leaping from his galloping horse to the vestibule; to see him wage the fight over the roofs of the coaches, into the engine cab, on to the very roof of the engine and, finally, to see him make a spectacular leap from the locomotive into a river, is to realize what thrills this two-reel affords.

Wednesday's banner-offering, a two-part Edison feature will be exhibited.

Manager Toney has added Thursday as a "Special Feature" day and will offer as the stellar attraction a two-reel Lubin.

Both aspirants for police court clerkship seem confident.

A joint session of the city council will be held Monday night at 7:30 o'clock to elect a clerk to the Police court to succeed the late Edgar White, who held the office for thirty years.

There are three names to be laid before council. The code provides that the police justice shall name three men, one of whom is to be elected by the council.

Heretofore Justice Crutchfield has named three, but has indicated his preference of the three. Mr. White has always been the preference and no one has ever appeared to oppose him. By the death of Mr. White the position was made vacant.

Those named by Justice Crutchfield are Ben C. Tucker, George A. Marks and W. A. Shields.

Mr. Shields has indicated no intention of making an effort for the place. He is a member of the police force. Mr. Marks has said he would be a candidate and has made strenuous efforts to land the office. He keeps a grocery store on West Broad street. Mr. Tucker has also declared his intention to be a candidate for the place.

After sending in his list of nominees Justice John stated that he would hold hands off, would ask no member of council to vote for any particular candidate, and hoped the best man would win.

Indications point to a spirited fight. If Mr. Tucker's expressions of confidence amount to what he thinks they do, he will win. If Mr. Marks votes as strong as his confidence, he is the winner.

## FOLLOW THE LEAD OF THE MAN WHO KNOWS

The Quality Shop has specialized in clothing and accessories of apparel that will definitely appeal to the smart individuality of the particular Men of Richmond.

Fashion seesaws "back and forth," to and fro, tick-tack, yes and no. This Autumn it befriends the figure clinging clothes.

We selected our suits of woollens as attractive, as well as durable, as it is possible to produce for the price. Then we put into them something which POSITIVELY CANNOT BE OBTAINED in any other \$20.00 and \$22.50 suits. And that's workmanship. It's the same tailoring that goes into other suits of higher price. Isn't it a distinct advantage in buying where workmanship is standardized to these higher priced clothes? It unquestionably means added finish and style.

Suits \$20.00 and \$22.50 and better.

JACOB S. LEVY

## STUDEBAKER LINE ANNOUNCED

LEFT DRIVE AND CENTER CONTROL NEW FEATURES IN BOTH "FOUR" AND "SIX."

Formal announcement of a number of important changes in the Studebaker line was made from the local headquarters of the corporation recently. While the alterations are not of a sweeping nature, they embody a number of extremely interesting features.

The line for next year will be comprised of two chassis types—a "Four" at \$1,050 and a "Six" at \$1,575. Both cars are fitted with left-hand steering and center control. Each model carries a two-unit electric starting and lighting device as standard equipment. The same type of full-floating axle employed on the "Six" is supplied with the "Four." Bodies are of the stream-line type and with full doors.

In both cars the gasoline supply has been placed in the dash, permitting an ideal feed to the motor, without air pressure, by means of gravity.

Increased efficiency has been throughout the keynote of the chassis design. To get the maximum service out of each gallon of gasoline has been the endeavor of the Studebaker engineers.

The improvement in the electrical equipment is marked and to a great extent original. The electric motor for cranking is connected to the front end of the drive shaft by a roller chain which moves only while the starting operation is in progress.

## Shamrock IV Will Have Sails Made of Best Silk

There has been considerable discussion in yachting circles here over the report cabled from America that the boat which will defend the America cup is to be built of bronze and to have silk sails. One of the Shamrocks was built partly of bronze, and its advantage over steel in securing a fine polished surface below the waterline is well known. Some English naval architects, however, favor a patent alloy of aluminum as material for the hull of a fast racing yacht.

A small boat built in England of this material was raced in Belgium last season and found to be equal to any steel boat in point of stability at about half the weight.

Charles E. Nicholson, who is to build the Shamrock, however, does not favor it, so it is not likely to be used in Sir Thomas Lipton's challenger. As to silk sails, English yachtsmen believe they are too much and that the American defender will be supplied with really "union silk," which is largely cotton. The sails of the Shamrock IV will be made by the firm that makes the sails for all the best English yachts. The cloth used by this firm is specially woven for them and is not supplied to anybody else.

## Schwarzschild Bros. Wedding Gifts of Quality

The gifts which are to be had here are ideal gifts. They give pleasure for months and years.

This store is cordially open to visitors and inspection and comparison will demonstrate that the gifts may be had here at the most attractive prices.

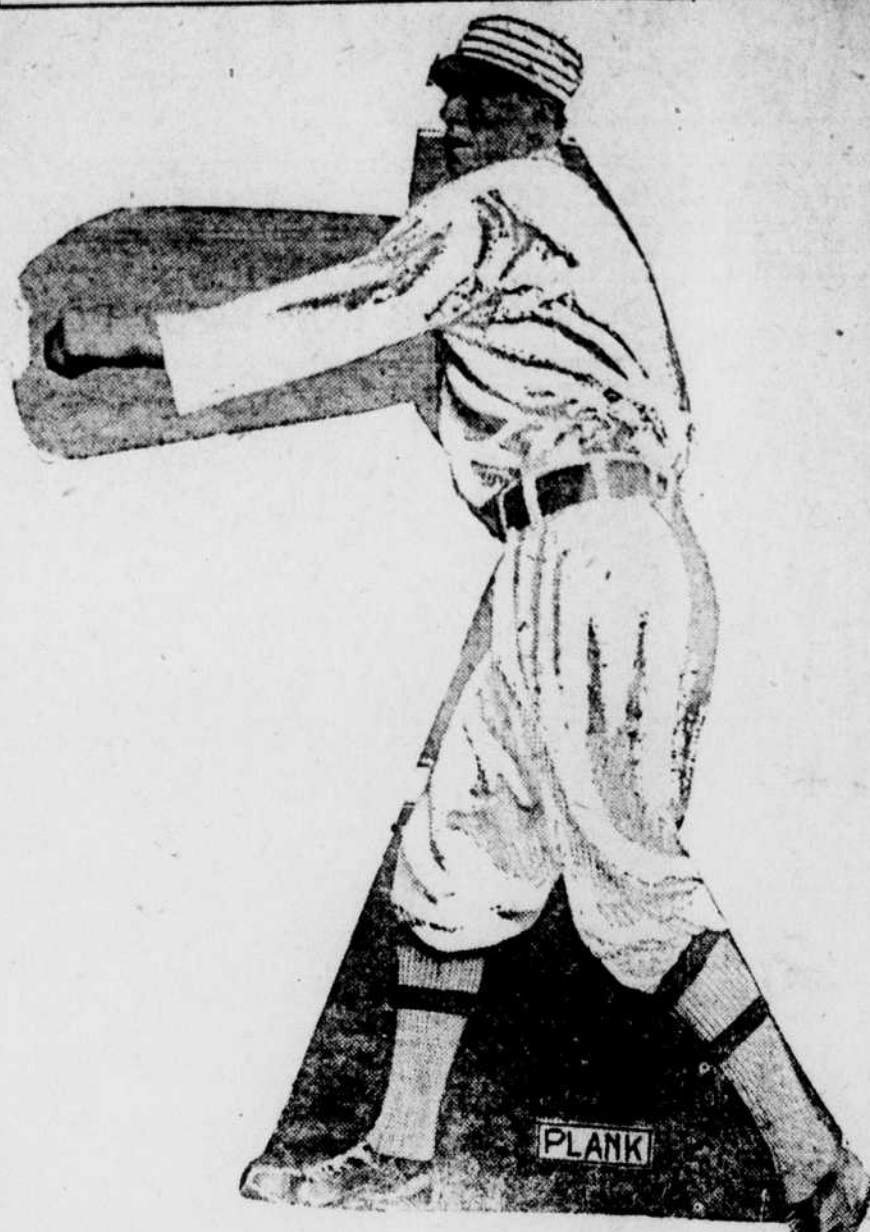

There is a reason why "Schwarzschild Bros." is the "gift-center" in Richmond.

## EDWARD PLANK BOSS OF WHITEWASH BRIGADE

Edward Plank is the "boss of the whitewash brigade"—the expert wielder of the brush. The chap who has distributed goose eggs with free and open hand, exceeding all records in this line in the history of the American league.

By placing a shut-out game to his credit this season Edward Plank has surpassed the mark set by "Iron Man" Walsh, of the White Sox. Mr. Plank has fifty-nine of these games to his credit—all nine-inning games or better.

The wonderful left-hander framed up his first runless game in 1901 against the Milwaukee club, then a member of the American league. And every season since the expert exponent of the cross-fire delivery has placed a goodly number of these games on record.

Ed Walsh, the former holder of the honor, lost the cunning or otherwise out of his arm before the veteran did, so it put him out of the running. No doubt if the "Iron Man" could have held this season he would still be king of the whitewash brigade.

## DEMAREE WAS A DISAPPOINTMENT IN WORLD'S SERIES BALTIMORE IS EXCITED OVER NEW LEAGUE RUMOR

BALTIMORE, Oct. 25.—Local fanatics are agog over the talk floating about the city of the proposed advent of the Federal league into Baltimore in 1914. While the skeptical predict that the new circuit will traverse the same route taken by other organizations which invaded this city without the protection of the national agreement, there are many who have visions of again seeing real big league ball here. In the meanwhile local promoters who have the baseball bee buzzing under their topknots have been hustling about working on the project and some very interesting things transpired at a meeting held at the office of Louis N. Frank yesterday.

Ned Hanlon, the local ex-magnate, and Harry Goldman, who was secretary of the Baltimore club when in the American league, were among those who attended the session. When seen after the project had been gone over carefully, Mr. Goldman was very enthusiastic of the future of the Federal league in this city. He was positive that the necessary funds for financing the thing could be raised and spoke in glowing terms of the great benefits Baltimore would derive as a member of the third big league, which the Federal is being termed by its supporters. A park with a seating capacity of 15,000 is to be erected, according to the plan of the promoters, and it is hinted that the ground has already been leased for the structure.

Of course, it is not expected that the park will be filled at the offset, but the promoters say that in a couple of years the class of ball that will be furnished will draw the fans to their plant. A fortune would be necessary to make the Federal league a success here if it is ever to be one. The team would have to be operated at an enormous loss for several years, as the fans would certainly have to be shown before they would turn out.

Where will the material for a good team come from is the question that the fans are asking themselves? But the managers say this matter will not be hard to solve, though no overtures will be made to players having contracts with clubs playing organized ball. Many old stars of the National and American leagues will have charge of the teams of the newly organized circuit and Dame Rumor says Kid Gleason, a member of the champion Orioles back in the '90s, will be given the managerial reins of the local club. Many give this report much credence, because it is true that Gleason is at present lurking about the city. Gleason, however, avers that he is here merely to attend the races.

If the Federal league lives up to the expectations of the promoters it would surely be a great thing for Baltimore, and Hanlon says this city would gain more advertising than it did through the holding of the Democratic convention.

Dr. White is another gentleman who proved a clever distributor of goose eggs. The dentist has had the extreme pleasure of applying the brush fifty-nine times. Other hurlers who have proved handy in holding the opposition runless in Mr. Ban Johnson's circuit are, or were, Cy Young, the much-lamented Addie Joss, the never-to-be-forgotten G. Edward (Rube) Waddell, and the latest aspirant for honors in that line is Walter Johnson, the holder of many records. Plank is liable to add a few more scalps to the many that now dangle from his belt before the season closes.

But the lead of six games will hold him as champion for another year at least. Here is the list of those who made a record of forty or more runless games in the American league since its organization:

Name	Years	S.O.
Plank	13	59
Walsh	7	54
Joss	13	52
Young	11	44
Waddell	10	40
Johnson	7	40

Those who are within the world of Cadillac ownership are enjoying luxuries to which you must remain a stranger so long as you are outside that world.

They have the certainty of the Cadillac Delco system of electrical cranking, lighting and ignition.

They have the improved Cadillac carburetter water-jacketed and electrically heated.

They have entrance and exit for front seat passengers on either side, right hand drive and right hand control, with all its advantages and no disadvantages.

They have the simple electric switch for shifting from high direct to low direct gear, or vice versa.

They have the Cadillac two speed rear axle, with which no other moderate priced car is equipped.

They have Cadillac standardization, true alignment and interchangeability of parts.

They have a car entitled to the distinction, "STANDARD OF THE WORLD." Phone for a demonstration.

## BOWLING MANY STAR KICKERS

By C. L. COSBY. The fourth week of the Palace National Duckpin league has proved so far to be a successful season.

Scores and averages last week were far better than those of weeks previous.

A good many of the youngsters came to the front with high scores and average, waiving high above some of the oldtimers.

Monday night the Journal team won two out of three games from the Palace champions. C. H. Cosby carried off all honors in the said series.

Wednesday night the Times-Dispatch team won two out of three games from the Palace champions. C. H. Cosby carried off all honors in the said series.

Friday night, at 8:30, the Journal team won two out of three games from the Palace champions. C. H. Cosby carried off all honors in the said series.

"Heavenly Recognition." PETERSBURG, VA., Oct. 25.—On Sunday evening Rev. George E. Booker, pastor of Washington-Street M. E. church, who has been delivering a series of sermons on "Glimpses of Immortality," will preach on the subject of "Heavenly Recognition." This will probably be the most interesting sermon of the series, and will doubtless be heard by a large congregation.

From the time of the earliest Egyptian, Phoenician, Greek and Roman physicians straight down to the present day, mineral waters have been considered the oldest and ablest curatives known.

Standing alone in its class, the high regard in which WHITE ROCK WATER is held by the doctors of today is attested by its enormous sale.
